

Serious fun, now with the accent firmly on serious. The Renault Twingo Renaultsport 133 is the flagship of the range, yet an affordable entry into the world of Renaultsport. Incisive, distinctive profile, wider stance and four-into-one exhaust all speak of sporting character – as does the central rev counter gear change alert.

Behind the looks, there's a punchy 133hp 1.6 litre engine to combine sports performance with everyday driveability. Everything about it is special, but for the ultimate, you can also opt for the optional Cup Chassis – perfect for track days as well as day-to-day.

TWINGO RENAULTSPORT 133
